Note to existing members: This Formulary has changed since last year. Please review this document to make sure that it still contains the drugs you take.

When this Drug List (formulary) refers to “we,” “us,” or “our,” it means GlobalHealth, Inc. When it refers to “plan” or “our plan,” it means Generations Classic Rewards (HMO) and Generations Classic Plus (HMO).

This document includes a Drug List (formulary) for our plan which is current as of 01/01/2025. For an updated Drug List (formulary), please contact us. Our contact information, along with the date we last updated the Drug List (formulary), appears on the front and back cover pages.

You must generally use network pharmacies to use your prescription drug benefit. Benefits, formulary, pharmacy network, and/or copayments/coinsurance may change on January 1, 2025, and from time to time during the year.

What is the Generations Classic Rewards (HMO) and Generations Classic Plus (HMO) Formulary?

In this document, we use the terms Drug List and formulary to mean the same thing. A formulary is a list of covered drugs selected by our plan in consultation with a team of health care providers, which represents the prescription therapies believed to be a necessary part of a quality treatment program. We will generally cover the drugs listed in our formulary as long as the drug is medically necessary, the prescription is filled at our network pharmacy, and other plan rules are followed. For more information on how to fill your prescriptions, please review your *Evidence of Coverage*.

For a complete listing of all prescription drugs covered by us, please visit our website or call us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

Can the formulary change?

Most changes in drug coverage happen on January 1, but we may add or remove drugs on the formulary during the year, move them to different cost-sharing tiers, or add new restrictions. We must follow the Medicare rules in making these changes. Updates to the formulary are posted monthly to our website here: www.globalhealth.com.

Changes that can affect you this year: In the below cases, you will be affected by coverage changes during the year:

- **Immediate substitutions of certain new versions of brand name drugs and original biological products.** We may immediately remove a drug from our formulary if we are replacing it with a certain new version of that drug that will appear on the same or lower cost-sharing tier and with the same or fewer restrictions. When we add a new version of a drug to our formulary, we may decide to keep the brand name drug or original biological product on our formulary, but immediately move it to a different cost-sharing tier or add new restrictions.

We can make these immediate changes only if we are adding a new generic version of a brand name drug, or adding certain new biosimilar versions of an original biological product, that was already on the formulary (for example, adding an interchangeable biosimilar that can be substituted for an original biological product by a pharmacy without a new prescription).

If you are currently taking the brand name drug or original biological product, we may not tell you in advance before we make an immediate change, but we will later provide you with information about the specific change(s) we have made.

If we make such a change, you or your prescriber can ask us to make an exception and continue to cover for you the drug that is being changed. For more information, see the section below titled “How do I request an exception to the Generations Classic Rewards (HMO) and Generations Classic Plus (HMO)’s Formulary?”

Some of these drug types may be new to you. For more information, see the section below titled “What are original biological products and how are they related to biosimilars?”

- **Drugs removed from the market.** If a drug is withdrawn from sale by the manufacturer or the Food and Drug Administration (FDA) determines to be withdrawn for safety or effectiveness reasons, we may immediately remove the drug from our formulary and later provide notice to members who take the drug.
- **Other changes.** We may make other changes that affect members currently taking a drug. For instance, we may remove a brand name drug from the formulary when adding a generic equivalent or remove an original biological product when adding a biosimilar. We may also apply new restrictions to the brand name drug or original biological product, or move it to a different cost-sharing tier, or both. We may make changes based on new clinical guidelines. If we remove drugs from our formulary, add prior authorization, quantity limits and/or step therapy restrictions on a drug, or move a drug to a higher cost-sharing tier, we must notify affected members of the change at least 30 days before the change becomes effective. Alternatively, when a member requests a refill of the drug, they may receive a 30-day supply of the drug and notice of the change.

If we make these other changes, you or your prescriber can ask us to make an exception for you and continue to cover the drug you have been taking. The notice we provide you will also include information on how to request an exception, and you can also find information in the section below entitled “How do I request an exception to the Generations Classic Rewards (HMO) and Generations Classic Plus (HMO)’s Formulary?”

Changes that will not affect you if you are currently taking the drug. Generally, if you are taking a drug on our 2025 formulary that was covered at the beginning of the year, we will not discontinue or reduce coverage of the drug during the 2025 coverage year except as described above. This means these drugs will remain available at the same cost sharing and with no new restrictions for those members taking them for the remainder of the coverage year. You will not get direct notice this year about changes that do not affect you.

However, on January 1 of the next year, such changes would affect you, and it is important to check the formulary for the new benefit year for any changes to drugs.

The enclosed formulary is current as of 01/01/2025. To get updated information about the drugs covered by Generations Classic Rewards (HMO) and Generations Classic Plus (HMO) please contact us. Our contact information appears on the front and back cover pages. In the event of mid-year non-maintenance formulary changes, the formularies will be updated monthly and posted on our website.

How do I use the Formulary?

There are two ways to find your drug within the formulary:

Medical Condition

The formulary begins on page 14. The drugs in this formulary are grouped into categories depending on the type of medical conditions that they are used to treat. For example, drugs used to treat a heart condition are listed under the category, “Cardiovascular”. If you know what your drug is used for, look for the category name in the list that begins on 14. Then look under the category name for your drug.

Alphabetical Listing

If you are not sure what category to look under, you should look for your drug in the Index that begins on page 90. The Index provides an alphabetical list of all of the drugs included in this document. Both brand name drugs and generic drugs are listed in the Index. Look in the Index and find your drug. Next to your drug, you will see the page number where you can find coverage information. Turn to the page listed in the Index and find the name of your drug in the first column of the list.

What are generic drugs?

Our plan covers both brand name drugs and generic drugs. A generic drug is approved by the FDA as having the same active ingredient as the brand name drug. Generally, generic drugs work just as well as and usually cost less than brand name drugs. There are generic drug substitutes available for many brand name drugs. Generic drugs usually can be substituted for the brand name drug at the pharmacy without needing a new prescription, depending on state laws.

What are original biological products and how are they related to biosimilars?

On the formulary, when we refer to drugs, this could mean a drug or a biological product. Biological products are drugs that are more complex than typical drugs. Since biological products are more complex than typical drugs, instead of having a generic form, they have alternatives that are called biosimilars. Generally, biosimilars work just as well as the original biological product and may cost less. There are biosimilar alternatives for some original biological products. Some biosimilars are interchangeable biosimilars and, depending on state laws, may be substituted for the original biological product at the pharmacy without needing a new prescription, just like generic drugs can be substituted for brand name drugs.

- For discussion of drug types, please see the *Evidence of Coverage*, Chapter 5, Section 3.1, “The ‘Drug List’ tells which Part D drugs are covered.”

Are there any restrictions on my coverage?

Some covered drugs may have additional requirements or limits on coverage. These requirements and limits may include:

- **Prior Authorization:** Our plan requires you or your prescriber to get prior authorization for certain drugs. This means that you will need to get approval from our plan before you fill your prescriptions. If you don't get approval, we may not cover the drug.
- **Quantity Limits:** For certain drugs, our plan limits the amount of the drug that our plan will cover. For example, our plan provides 30 tablets per prescription for Rosuvastatin. This may be in addition to a standard one-month or three-month supply.
- **Step Therapy:** In some cases, our plan requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, we may not cover Drug B unless you try Drug A first. If Drug A does not work for you, we will then cover Drug B.

You can find out if your drug has any additional requirements or limits by looking in the formulary that begins on page 14. You can also get more information about the restrictions applied to specific covered drugs by visiting our website. We have posted online documents that explain our prior authorization and step therapy restrictions. You may also ask us to send you a copy. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You can ask our plan to make an exception to these restrictions or limits or for a list of other, similar drugs that may treat your health condition. See the section, "How do I request an exception to the Generations Classic Rewards (HMO) and Generations Classic Plus (HMO)'s formulary?" on page exception page 4 for information about how to request an exception.

What if my drug is not on the Formulary?

If your drug is not included in this formulary (list of covered drugs), you should first contact Customer Care and ask if your drug is covered.

If you learn that our plan does not cover your drug, you have two options:

- You can ask Customer Care for a list of similar drug that are covered by our plan. When you receive the list, show it to your doctor and ask them to prescribe a similar drug that is covered by our plan.
- You can ask us to make an exception and cover your drug. See below for information about how to request an exception.

How do I request an exception to the Generations Classic Rewards (HMO) and Generations Classic Plus (HMO)'s Formulary?

You can ask our plan to make an exception to our coverage rules. There are several types of exceptions that you can ask us to make.

- You can ask us to cover a drug even if it is not on our formulary. If approved, this drug will be covered at a pre-determined cost-sharing level, and you would not be able to ask us to provide the drug at a lower cost-sharing level.
- You can ask us to waive a coverage restriction including prior authorization, step therapy, or a quantity limit on your drug. For example, for certain drugs, our plan limits the amount of the drug that we will cover. If your drug has a quantity limit, you can ask us to waive the limit and cover a greater amount.
- You can ask us to cover a formulary drug at lower cost-sharing level unless the drug is on the specialty tier. If approved, this would lower the amount you must pay for your drug.

Generally, our plan will only approve your request for an exception if the alternative drugs included on the plan's formulary, the lower cost-sharing drug, or applying the restriction would not be as effective for you and/or would cause you to have adverse effects.

You or your prescriber should contact us to ask for a tiering or, formulary exception, including an exception to a coverage restriction. **When you request an exception, your prescriber will need to explain the medical reasons why you need the exception.** Generally, we must make our decision within 72 hours of getting your prescriber's supporting statement. You can ask for an expedited (fast) decision if you believe, and we agree, that your health could be seriously harmed by waiting up to 72 hours for a decision. If we agree, or if your prescriber asks for a fast decision, we must give you a decision no later than 24 hours after we get your prescriber's supporting statement.

What can I do if my drug is not on the formulary or has a restriction?

As a new or continuing member in our plan you may be taking drugs that are not on our formulary. Or, you may be taking a drug that is on our formulary but has a coverage restriction, such as prior authorization. You should talk to your prescriber about requesting a coverage decision to show that you meet the criteria for approval, switching to an alternative drug that we cover, or requesting a formulary exception so that we will cover the drug you take. While you and your doctor determine the right course of action for you, we may cover your drug in certain cases during the first 90 days you are a member of our plan.

For each of your drugs that is not on our formulary or has a coverage restriction, we will cover a temporary 30-day supply. If your prescription is written for fewer days, we'll allow refills to provide up to a maximum 30-day supply of medication. If coverage is not approved, after your first 30-day supply, we will not pay for these drugs, even if you have been a member of the plan less than 90 days.

If you are a resident of a long-term care facility and you need a drug that is not on our formulary or if your ability to get your drugs is limited, but you are past the first 90 days of membership in our plan, we will cover a 31-day emergency supply of that drug while you pursue a formulary exception.

If you are a current member in our plan, we will also cover a temporary transition supply if you have a change in your medications because of a level-of-care change. This may include unplanned changes in treatment settings, such as being discharged from an acute care (hospital) setting or being admitted to, or discharged from, a long-term care facility. For each drug that is not in our formulary, or if your ability to get your drugs is limited, we will cover a temporary 30-day supply (up to a 31-day supply if you are a resident of a long-term care facility) when you go to a network pharmacy.

Tier 2 = Generic

Tier 3 = Preferred Brand

Tier 4 = Non-Preferred Drug

You can find information on what the symbols and abbreviations on this table mean here:

- **PA – Prior Authorization.** Our plan requires you or your provider to get prior authorization for certain drugs. This means that you will need to get approval from us before you fill your prescriptions. If you don't get approval, we may not cover the drug.
- **QL – Drug has Quantity Limit.** For certain drugs, our plan limits the amount of the drug that we will cover. For example, our plan provides 30 tablets per 30 days per prescription for rosuvastatin.
- **ST – Step Therapy.** In some cases, our plan requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, we may not cover Drug B unless you try Drug A first. If Drug A does not work for you, we will then cover Drug B.
- **NM – Not available at our Mail-order pharmacies.**
- **LA – Limited Access.** This prescription may be available only at certain pharmacies. For more information consult your Pharmacy Directory or call Customer Care at 1-866-494- 3927, 24 hours a day, seven days a week. TTY users should call 711.
- **B/D –** This drug may be covered under Medicare Part B or Part D depending upon the circumstances. Information may need to be submitted describing the use and setting of the drug to make the determination.
- **ED - Excluded Drug.** This prescription drug is not normally covered in a Medicare Prescription Drug Plan. The amount you pay when you fill a prescription for this drug does not count towards your total drug costs (that is, the amount you pay does not help you qualify for catastrophic coverage). In addition, if you are receiving extra help to pay for your prescriptions, you will not get any extra help to pay for this drug.

Este documento incluye una lista de medicamentos (formulario) para nuestro plan que está actualizada a partir de 01/01/2025. Para obtener una lista de medicamentos actualizada (formulario), comuníquese con nosotros. Nuestra información de contacto, junto con la fecha en que actualizamos por última vez la Lista de medicamentos (formulario), aparece en las páginas de portada y contraportada.

Por lo general, debe usar las farmacias de la red para usar su beneficio de medicamentos recetados. Los beneficios, el Formulario, la red de farmacias o los copagos y coseguros pueden cambiar el 1 de enero de 2025 y de manera periódica durante el año.

¿Qué es el Formulario de Medicamentos de Generations Classic Rewards (HMO) y Generations Classic Plus (HMO)?

En este documento, usamos los términos Lista de medicamentos y formulario para referirnos a lo mismo. Un formulario es una lista de medicamentos cubiertos seleccionados por nuestro plan en consulta con un equipo de proveedores de atención médica, que representa las terapias recetadas consideradas como una parte necesaria de un programa de tratamiento de calidad. Nuestro plan, por lo general, cubrirá los medicamentos que figuran en nuestro Formulario, siempre y cuando el medicamento sea médicamente necesario, la receta sea surtida en una farmacia de la red del plan y se cumplan otras normas del plan. Para obtener más información sobre cómo surtir sus recetas, consulte su *Evidencia de Cobertura*.

Para obtener una lista completa de todos los medicamentos recetados cubiertos por nuestro plan, visite nuestro sitio web o llámenos. Nuestra información de contacto, junto con la fecha de la última actualización del Formulario, aparece en la portada y en la contraportada.

¿Puede cambiar la Lista (lista de medicamentos)?

La mayoría de los cambios en la cobertura de medicamentos se producen el 1 de enero, pero podemos agregar o eliminar medicamentos en el Formulario durante el año, moverlos a diferentes niveles de costo compartido o agregar nuevas restricciones. Debemos cumplir con las normas de Medicare para realizar estos cambios. Las actualizaciones del formulario se publican mensualmente en nuestro sitio web aquí:

www.globalhealth.com.

Cambios que pueden afectarle este año: En los siguientes casos, usted se verá afectado por los cambios en la cobertura durante el año:

- **Sustituciones inmediatas de determinadas versiones nuevas de medicamentos de marca y productos biológicos originales.** Es posible que eliminemos inmediatamente un medicamento de nuestro formulario si lo estamos reemplazando con una nueva versión determinada de ese medicamento que aparecerá en el mismo nivel de costo compartido o en el más bajo y con las mismas o menos restricciones. Cuando agregamos una nueva versión de un medicamento a nuestro formulario, podemos decidir mantener el medicamento de marca o el producto biológico original en nuestro formulario, pero moverlo inmediatamente a un nivel de costo compartido diferente o agregar nuevas restricciones.

Podemos hacer estos cambios inmediatos solo si estamos agregando una nueva versión genérica de un medicamento de marca, o agregando ciertas nuevas versiones biosimilares de un producto biológico original, que ya estaba en el formulario (por ejemplo, agregando un biosimilar intercambiable que puede ser sustituido por un producto biológico original por una farmacia sin una nueva receta).

Si actualmente está tomando el medicamento de marca o el producto biológico original, es posible que no le informemos con anticipación antes de realizar un cambio inmediato, pero más adelante le proporcionaremos información sobre los cambios específicos que hemos realizado.

Si hacemos un cambio de este tipo, usted o su médico pueden pedirnos que hagamos una excepción y que continuemos cubriéndole el medicamento que se está cambiando. Para obtener más información, consulte la sección a continuación titulada "¿Cómo solicito una excepción al formulario de Generations Classic Rewards (HMO) y Generations Classic Plus (HMO)?"

Algunos de estos tipos de medicamentos pueden ser nuevos para usted. Para obtener más información, consulte la sección titulada "¿Qué son los productos biológicos originales y cómo se relacionan con los biosimilares?"

- **Medicamentos retirados del mercado.** Si el fabricante retira un medicamento de la venta o la Administración de Alimentos y Medicamentos (FDA, por sus siglas en inglés) determina que se retira por razones de seguridad o eficacia, podemos eliminar inmediatamente el medicamento de nuestro formulario y luego notificar a los miembros que toman el medicamento.
- **Otros cambios.** Es posible que realicemos otros cambios que afecten a los miembros que actualmente toman un medicamento. Por ejemplo, podemos eliminar un medicamento de marca del formulario al agregar un equivalente genérico o eliminar un producto biológico original al agregar un biosimilar. También podemos aplicar nuevas restricciones al medicamento de marca o al producto biológico original, o moverlo a un nivel diferente de costos compartidos, o ambos. Es posible que realicemos cambios en función de las nuevas directrices clínicas. Si eliminamos medicamentos de nuestro formulario, agregamos autorización previa, límites de cantidad y/o restricciones de terapia escalonada en un medicamento, o cambiamos un medicamento a un nivel de costo compartido más alto, debemos notificar a los miembros afectados del cambio al menos

30 días antes de que el cambio entre en vigencia. Alternativamente, cuando un miembro solicita una reposición del medicamento, puede recibir un suministro de 30 días del medicamento y un aviso del cambio.

Si hacemos estos otros cambios, usted o su médico pueden pedirnos que hagamos una excepción para usted y que continuemos cubriendo el medicamento que ha estado tomando. El aviso que le proporcionamos también incluirá información sobre cómo solicitar una excepción, y también puede encontrar información en la sección a continuación titulada "¿Cómo solicito una excepción al formulario de Generations Classic Rewards (HMO) y Generations Classic Plus (HMO)?"

Cambios que no le afectarán si actualmente está tomando el medicamento. Por lo general, si usted está tomando un medicamento de nuestro Formulario 2025 que estaba cubierto al comienzo del año, no interrumpiremos ni reduciremos la cobertura del medicamento durante el año de cobertura 2025, salvo lo descrito anteriormente. Esto significa que estos medicamentos seguirán disponibles con el mismo costo compartido y sin nuevas restricciones para aquellos miembros que los tomen durante el resto del año de cobertura. Este año no se le notificarán directamente sobre los cambios que no lo afecten. Sin embargo, el 1 de enero del año siguiente, dichos cambios pueden afectarlo, y es importante revisar formulario del nuevo año de beneficios para ver si hay cambios en los medicamentos.

El Formulario adjunto entra en vigor a partir del 01/01/2025. Para obtener información actualizada sobre los medicamentos cubiertos por Generations Classic Rewards (HMO) y Generations Classic Plus (HMO), comuníquese con nosotros. Nuestra información de contacto aparece en la portada y en la contraportada. En caso de que se produzcan cambios a mediados de año en el Formulario que no sean de mantenimiento, el Formulario se actualizarán mensualmente y se publicarán en nuestro sitio web.

¿Cómo utilizo el Formulario?

Existen dos maneras de encontrar su medicamento en la lista de medicamentos:

Afección Médica

El Formulario comienza en la página 14. Los medicamentos de esta lista de medicamentos están agrupados en categorías según el tipo de afección médica para la que se utilizan. Por ejemplo, los medicamentos utilizados para tratar una afección cardíaca se enumeran en la categoría "Cardiovascular". Si sabe para qué se utiliza su medicamento, busque el nombre de la categoría en la lista que comienza en la página 14. Luego busque su medicamento en el nombre de la categoría.

Listado Alfabético

Si no está seguro en qué categoría buscar, debe buscar su medicamento en el Índice que comienza en la página 90. El Índice proporciona una lista alfabética de todos los medicamentos incluidos en este documento. Tanto los medicamentos de marca registrada como los medicamentos genéricos figuran en el Índice. Busque en el Índice para encontrar su medicamento. Junto con su medicamento, verá el número de página donde puede encontrar información sobre la cobertura. Vaya a la página que aparece en el Índice y busque el nombre de su medicamento en la primera columna de la lista.

¿Qué son los medicamentos genéricos?

Nuestro plan cubre tanto medicamentos de marca registrada como medicamentos genéricos. Un medicamento genérico es uno aprobado por la Administración de Alimentos y Medicamentos (Food and Drug Administration, FDA) que contiene el mismo ingrediente activo que el medicamento de marca registrada.

Por lo general, los medicamentos genéricos funcionan igual de bien y suelen costar menos que los medicamentos de marca. Hay sustitutos de medicamentos genéricos disponibles para muchos medicamentos de marca. Los medicamentos genéricos generalmente pueden ser sustituidos por el medicamento de marca en la farmacia sin necesidad de una nueva receta, según las leyes estatales.

¿Qué son los productos biológicos originales y cómo se relacionan con los biosimilares?

En el formulario, cuando nos referimos a medicamentos, esto podría significar un medicamento o un producto biológico. Los productos biológicos son medicamentos más complejos que los medicamentos típicos. Dado que los productos biológicos son más complejos que los medicamentos típicos, en lugar de tener una forma genérica, tienen alternativas que se denominan biosimilares. Por lo general, los biosimilares funcionan tan bien como el producto biológico original y pueden costar menos. Existen alternativas biosimilares para algunos productos biológicos originales. Algunos biosimilares son biosimilares intercambiables y, dependiendo de las leyes estatales, pueden ser sustituidos por el producto biológico original en la farmacia sin necesidad de una nueva receta, al igual que los medicamentos genéricos pueden ser sustituidos por medicamentos de marca.

- Para hablar sobre los tipos de medicamentos, consulte la Evidencia de Cobertura, Capítulo 5, Sección 3.1, "La 'Lista de Medicamentos' indica qué medicamentos de la Parte D están cubiertos."

¿Existe alguna restricción en mi cobertura?

Algunos medicamentos cubiertos pueden tener requisitos o límites adicionales en la cobertura. Estos requisitos y límites pueden incluir:

- **Autorización Previa:** Nuestro plan necesita que usted o su prescriptor obtengan una autorización previa para obtener ciertos medicamentos. Esto significa que necesitará obtener una aprobación de nuestro plan antes de obtener los medicamentos con receta médica. Si no obtiene la aprobación, es posible que no cubramos el medicamento.
- **Límites de Cantidades:** Para ciertos medicamentos, nuestro plan limita la cantidad del medicamento que cubrirá nuestro plan. Por ejemplo, nuestro plan proporciona 30 tabletas por receta para rosuvastatina. Esto puede ser adicional a un suministro estándar para un mes o tres meses.
- **Terapia Escalonada:** En algunos casos, nuestro plan requiere que primero pruebe otros medicamentos para tratar su afección médica antes de cubrir otro medicamento para esa afección. Por ejemplo, si el medicamento A y el medicamento B tratan una condición médica, podemos no cubrir el medicamento B a menos que pruebe con el medicamento A primero. Si el medicamento A no funciona, le cubriremos el medicamento B.

Puede averiguar si su medicamento tiene requisitos o límites adicionales consultando el Formulario que comienza en la página 14. También puede obtener más información sobre las restricciones aplicadas a medicamentos cubiertos específicos visitando nuestro sitio web. Hemos publicado documentos en línea que explican nuestras restricciones de autorización previa y terapia escalonada. También puede solicitarnos que le enviemos una copia. Nuestra información de contacto, junto con la fecha de la última actualización del Formulario, aparece en la portada y en la contraportada.

Puede solicitar a nuestro plan que haga una excepción a estas restricciones o límites o una lista de otros medicamentos similares que puedan tratar su afección médica. Consulte la sección "¿Cómo solicito una excepción al Formulario de Generations Classic Rewards (HMO) y Generations Classic Plus (HMO)?" en la página 11 para información sobre cómo solicitar una excepción.

¿Qué pasa si mi medicamento no está en la Formulario?

Si su medicamento no está incluido en este Formulario (lista de medicamentos cubiertos), primero debe comunicarse con el Servicio de Atención al Cliente y preguntar si su medicamento está cubierto.

Si se entera de que nuestro plan no cubre su medicamento, tiene dos opciones:

- Puede solicitar al Servicio de Atención al Cliente una lista de medicamentos similares que estén cubiertos por nuestro plan. Cuando reciba la lista, muéstrasela a su médico y pídale que le recete un medicamento similar que esté cubierto por nuestro plan.
- Puede solicitar que nuestro plan haga una excepción para que cubra su medicamento. Consulte la siguiente sección para obtener información sobre cómo solicitar una excepción.

¿Cómo solicito una excepción al Formulario de Generations Classic Rewards (HMO) y Generations Classic Plus (HMO)?

Puede solicitar a nuestro plan que haga una excepción a nuestras normas de cobertura. Existen varios tipos de excepciones que puede solicitarnos.

- Puede solicitarnos que cubramos un medicamento incluso si no está en nuestro Formulario. Si se aprueba, este medicamento estará cubierto a un nivel de costo compartido predeterminado, y usted no podrá solicitarnos que le proporcionemos el medicamento a un nivel de costo compartido más bajo.
- Puede pedirnos que renunciemos a una restricción de cobertura, incluida la autorización previa, la terapia escalonada o un límite de cantidad en su medicamento. Por ejemplo, para ciertos medicamentos, nuestro plan limita la cantidad del medicamento que cubriremos. Si su medicamento tiene un límite de cantidad, puede pedirnos que le eximamos del límite y cubramos una cantidad mayor.
- Puede pedirnos que cubramos un medicamento del formulario a un nivel de costo compartido más bajo, a menos que el medicamento esté en el nivel de especialidad. Si se aprueba, esto reduciría el monto que debe pagar por su medicamento.

Por lo general, nuestro plan solo aprobará su solicitud de excepción si los medicamentos alternativos incluidos en el formulario del plan, el medicamento de menor costo compartido o la aplicación de la restricción no serían tan efectivos para usted y/o le causarían efectos adversos.

Usted o su médico deben comunicarse con nosotros para solicitar una clasificación por niveles o una excepción al formulario, incluida una excepción a una restricción de cobertura. **Cuando solicite una excepción, su médico deberá explicar las razones médicas por las que necesita la excepción.** Por lo general, debemos tomar nuestra decisión dentro de las 72 horas posteriores a la recepción de la declaración de respaldo de su médico. Puede solicitar una decisión acelerada (rápida) si cree, y estamos de acuerdo, que su salud podría verse seriamente perjudicada si espera hasta 72 horas para recibir una decisión. Si estamos de acuerdo, o si su médico solicita una decisión rápida, debemos darle una decisión a más tardar 24 horas después de recibir la declaración de respaldo de su médico.

¿Qué puedo hacer si mi medicamento no está en el formulario o tiene una restricción?

Como miembro nuevo o continuo de nuestro plan, es posible que esté tomando medicamentos que no están en nuestro formulario. O bien, es posible que esté tomando un medicamento que está en nuestro formulario pero que tiene una restricción de cobertura, como una autorización previa. Debe hablar con su médico sobre la posibilidad de solicitar una decisión de cobertura para demostrar que cumple con los criterios para la

aprobación, cambiar a un medicamento alternativo que cubrimos o solicitar una excepción al formulario para que cubramos el medicamento que toma. Mientras usted y su médico determinan el curso de acción correcto para usted, podemos cubrir su medicamento en ciertos casos durante los primeros 90 días que sea miembro de nuestro plan.

Para cada uno de sus medicamentos que no estén en nuestro formulario o que tenga una restricción de cobertura, cubriremos un suministro temporal de 30 días. Si su receta está escrita para menos días, permitiremos que los resurtidos proporcionen un suministro máximo de medicamentos para 30 días. Si no se aprueba la cobertura, después de su primer suministro de 30 días, no pagaremos estos medicamentos, incluso si ha sido miembro del plan menos de 90 días.

Si usted es residente de un centro de atención médica a largo plazo y necesita un medicamento que no está en nuestra lista de medicamentos, o si su capacidad para obtener sus medicamentos es limitada, pero ya pasaron los primeros 90 días de membresía en nuestro plan, cubriremos un suministro de emergencia por 31 días de ese medicamento mientras usted busca una excepción a la lista.

Si usted es un miembro actual de nuestro plan, también cubriremos un suministro de transición temporal si sus medicamentos cambian debido a un cambio en el nivel de atención. Esto puede incluir cambios no planificados en los entornos de tratamiento, como ser dado de alta de un centro de cuidados intensivos (hospital) o ser hospitalizado o dado de alta de un centro de atención médica a largo plazo. Por cada medicamento que no esté en nuestro Formulario o si su capacidad para obtener sus medicamentos es limitada, cubriremos un suministro temporal por 30 días (un suministro por hasta 31 días si usted es residente de un centro de atención médica a largo plazo) cuando vaya a una farmacia de la red.

Formulario de Generations Classic Rewards (HMO) y Generations Classic Plus (HMO)

El Formulario que comienza en la página siguiente proporciona información de cobertura sobre los medicamentos cubiertos por nuestro plan. Si tiene problemas para encontrar su medicamento en la lista, consulte el Índice que comienza en la página 90.

La primera columna de la tabla enumera el nombre del medicamento. Los medicamentos de marca registrada están en mayúscula (p. ej., SYNTHROID) y los medicamentos genéricos están en minúscula cursiva (p. ej., *levotiroxina*).

La información en la columna Requisitos/Límites le indica si nuestro plan tiene algún requisito especial para la cobertura de su medicamento.

Nivel de Medicamento

Nivel 1 = Genérico preferido

Nivel 2 = Genérico

Nivel 3 = Marca preferida

Nivel 4 = Medicamentos no preferidos

Nivel 5 = Nivel de especialidad

Puede encontrar información sobre lo que significan los símbolos y las abreviaturas en esta tabla:

- **PA - Autorización Previa.** El plan necesita que usted o su proveedor obtengan una autorización previa para ciertos medicamentos. Esto significa que necesitará obtener nuestra aprobación antes de obtener los medicamentos con receta médica. Si no obtiene la aprobación, es posible que no cubramos el medicamento.
- **QL - El medicamento tiene un límite de cantidad.** Para ciertos medicamentos, nuestro plan limita la cantidad del medicamento que cubriremos. Por ejemplo, nuestro plan proporciona 30 tabletas por 30 días por receta de rosuvastatina.
- **ST - Terapia Escalonada.** En algunos casos, nuestro plan requiere que primero pruebe otros medicamentos para tratar su afección médica antes de cubrir otro medicamento para esa afección. Por ejemplo, si el medicamento A y el medicamento B tratan una condición médica, podemos no cubrir el medicamento B a menos que pruebe con el medicamento A primero. Si el medicamento A no funciona, le cubriremos el medicamento B.
- **NM - No está disponible en nuestras farmacias de pedidos por correo.**
- **LA - Acceso Limitado.** Esta receta puede estar disponible solo en ciertas farmacias. Para obtener más información, consulte su Directorio de Farmacias o llame al Servicio de Atención al Cliente al 1-866-494-3927, las 24 horas del día, los siete días de la semana. Los usuarios de TTY deben llamar al 711.
- **B/D - Este medicamento puede estar cubierto por Medicare Parte B o Parte D, según las circunstancias.** Es posible que sea necesario presentar información que describa el uso y el entorno del medicamento para tomar la decisión.
- **ED - Medicamento Excluido (Excluded Drug).** Este medicamento recetado generalmente no está cubierto por un Plan de Medicamentos Recetados de Medicare. El monto que usted paga cuando le dispensan una receta de este medicamento no cuenta entre los costos de medicamentos totales (es decir, el monto que paga no lo ayuda a reunir los requisitos para la cobertura catastrófica). Además, si recibe ayuda adicional para pagar sus recetas, no obtendrá ayuda adicional para pagar este medicamento.
