GlobalHealth and Norman Regional Health System Announce Partnership to Expand Value-Based Care

GlobalHealth members and prospective members in South Central Oklahoma now have more provider choices, expanding their high-quality health care options

NORMAN, Okla. – GlobalHealth, an Oklahoma-based health insurer, recently announced a multi-year partnership with Norman Regional Health System (NRHS). This new provider participation offers increased access to high quality, affordable health care services to Oklahomans in Cleveland, McClain, Grady and Oklahoma counties. The value-based care program is designed to help improve health outcomes for GlobalHealth members in these areas.

“Our partnership with Norman Regional Health System is significant as it provides expanded access to care for our members and prospective members in South Central Oklahoma,” said Scott Vaughn, GlobalHealth president and CEO. “We are passionate about helping our members achieve their optimal health. We have long believed in the benefits of value-based care and have been working hard toward expanding that model to Oklahoma and to our members.”

NRHS offers a full range of services including a physicians primary care network, hospital, emergency room, outpatient diagnostic centers, medical transportation, durable medical equipment supplies, community wellness and employer health.

“We are excited to partner with GlobalHealth and have the opportunity to serve their members within our health system,” said Richie Splitt, NRHS president and CEO. “Our mission to serve our community as the leader in health and wellness care is mirrored by GlobalHealth’s passion to provide genuine care to help their members reach their optimal health. Norman Regional’s patients will benefit from this partnership between two organizations who are passionate about their wellbeing.”

About GlobalHealth

GlobalHealth is changing health insurance in Oklahoma by providing genuine care and optimal health for the members it serves. As an industry leader, GlobalHealth is an Oklahoma-based health insurance provider covering individuals in all 77 Oklahoma counties. Working proactively with its members, GlobalHealth engages a personalized management plan to address their specific needs and ensure the best possible health outcomes. GlobalHealth utilizes cutting-edge, predictive data technology as a foundation to deliver improved healthcare as part of its commitment to making health insurance more affordable. Its membership includes individuals who are eligible for Medicare, state, education and municipal employees and federal employees. To learn more,
