## **Commercial Plans Medical Drugs Prior Authorization Criteria 2026**

This prior authorization document was updated on 12/16/2025. To determine if your drug has a prior authorization requirement, or for information on how to request an authorization for any of these drugs, please contact Customer Care at 1-877-280-5600 toll free (TTY users should call 711), from 9 am to 5 pm, Monday – Friday.

Este documento de autorización previa fue actualizado el 12/16/2025. Para determinar si su medicamento tiene un requisito de autorización previa, o para obtener información sobre cómo solicitar una autorización para cualquiera de estos medicamentos, comuníquese con Atención al Cliente al 1-877-280-5600, 9 am a 5 pm, lunes a viernes.

## Pharmacy Utilization Management Policy

	<b>ENTITY</b> GlobalHealth Holdings, LLC	<b>NUMBER</b> GH-PT-001-C-V-2	
	<b>TITLE</b> Oncology Drug Commercial Prior Authorization Approval Criteria	<b>EFFECTIVE DATE</b> 4/14/2016	<b>LAST REVISED</b> 8/1/2023

Criteria for initial approval:

1. Conforms to guideline recommendations from National Comprehensive Cancer Network (NCCN)
2. For advanced metastatic cancer and associated conditions: no step therapy requirements apply when the requested treatment is consistent with best practices, supported by peer-reviewed, evidence-based literature; and the drug is approved by the United States Food and Drug Administration

Criteria for renewal:

1. Conforms to guideline recommendations from National Comprehensive Cancer Network (NCCN)

P&T Committee review dates: 4/14/16, 8/1/2018, 7/31/2019, 7/22/2020, 7/28/2021, 8/3/2022, 8/1/2023, 11/26/2024, 12/16/2025

## Pharmacy Utilization Management Policy

	<b>ENTITY</b> GlobalHealth Holdings, LLC	<b>NUMBER</b> GH-PT-002-C-V-2	
	<b>TITLE</b> Zilretta Commercial Prior Authorization Approval Criteria	<b>EFFECTIVE DATE</b> 7/31/2019	<b>LAST REVISED</b> 5/27/2020

HCPCS code: J3304 Inj triamcinolone ace xr 1mg

Therapeutic class: Intra-articular Corticosteroid

Available dosage forms: Triamcinolone acetonide extended-release injectable suspension single-dose kit

Criteria for initial approval (3 months: one injection per knee):

1. FDA-approved diagnosis: Osteoarthritis of the Knee
2. Age 18 years or older
3. Member has had treatment failure with or had clinically significant adverse effects to one of the following treatments.
  - 3.1. Oral nonsteroidal antiinflammatory drug (NSAID) at continuous therapeutic dosing (prescription strength); OR
  - 3.2. Topical NSAID if member an oral NSAID is contraindicated;
4. History of a positive but inadequate response to at least one other intraarticular glucocorticoid injection for the knee (e.g., inadequate pain relief, frequent need of rescue medications such as NSAIDs or opioids, need to decrease or inability to increase activity levels, adequate pain relief but with steroid-induced hyperglycemia);

Renewal: Zilretta is not eligible for renewal as the efficacy and safety of repeat administration of Zilretta have not been established.

P&T Committee review dates: 7/31/2019, 5/27/2020, 4/28/2021, 8/3/2022, 8/1/2023, 11/26/2024, 12/16/2025

## Pharmacy Utilization Management Policy

	<b>ENTITY</b> GlobalHealth Holdings, LLC	<b>NUMBER</b> GH-PT-003-C-V-1	
	<b>TITLE</b> Qutenza Commercial Prior Authorization Approval Criteria	<b>EFFECTIVE DATE</b> 11/26/2024	<b>LAST REVISED</b>

HCPCS Code: J7336 Capsaicin 8% patch

Therapeutic class: Analgesic | Central Nervous System Agent

Available dosage forms: Single-use 8% topical system

Criteria for initial approval:

1. FDA-approved indication/diagnosis: treatment of neuropathic pain associated with postherpetic neuralgia (PHN) and neuropathic pain associated with diabetic peripheral neuropathy (DPN) of the feet.

Criteria for renewal:

1. The member is currently receiving therapy with Qutenza.
2. Initial approval criteria are still met.
3. The member is receiving benefit from therapy.

Summary of evidence:

The contents of this policy were created after examining the following resources:

1. The prescribing information for Qutenza.
2. The available compendium
  - a. National Comprehensive Cancer Network (NCCN) Drugs and Biologics Compendium
  - b. Micromedex DrugDex
  - c. American Hospital Formulary Service- Drug Information (AHFS-DI)
  - d. Lexi-Drugs
  - e. Clinical Pharmacology

After reviewing the information in the above resources, the FDA-approved indications listed in the prescribing information for Qutenza are covered.

Explanation of rationale:

Support for FDA-approved indications can be found in the manufacturer’s prescribing information.
