Over-the-Counter (OTC) Item Catalog

Keep this booklet handy where you can easily get to it.
You'll need it to look up the OTC items you want to order.

GlobalHealth is pleased to provide its members with the Over-the-Counter (OTC) Program. This is a convenient way to get OTC drugs and supplies by mail through your GlobalHealth Medicare Advantage plan.

As a member of GlobalHealth, you are eligible to receive a quarterly allowance for specific OTC products. Please check your Evidence of Coverage for your plan's quarterly benefit allowance. To get started, simply use this catalog to select the item(s) you want, then order online or by phone, and we'll ship your order directly to your door. The OTC Benefit is reset once every three months (quarterly). You can only place one order per quarter. Any unused benefit does not roll over to the next quarter. Your order total cannot exceed your allowable benefit, and we cannot accept payment to purchase items over your benefit. Please note, if you exceed the allowable benefit, your order cannot be processed.

This information is available for free in other languages. Please contact OTC Health Solutions customer service at 1-888-628-2770 and for TTY/TTD assistance please dial 1-877-672-2688. Monday to Friday 9:00 a.m. to 8:00 p.m. E.S.T.

What can I order with my OTC benefit?

Eligible Items

On pages 5 through 10, you'll find a list of products that you can order from us and have shipped to your home. These products include non-prescription drugs, also known as OTC drugs, and health-related items. Generally, you can order any of the items listed in this catalog. However, some Dual-Purpose items may require additional information in order to purchase through your OTC benefit.

Dual-Purpose Items

These are medicines and products that can be used for either a medical condition or for general health and well-being. In order to purchase these items, your personal physician must recommend them to you for a specific diagnosed condition. These items are marked with a "◆". Please speak to your physician before ordering these items.

Part B or Part D Coverage

Items that could be covered under your Part B or Part D benefit are marked with a "★". When an item is covered by Part B or Part D due to your particular circumstances, you would not use your OTC benefit to obtain the item because it is Medicare-covered under those circumstances, and not part of your OTC benefit. For example, gauze may be covered under Part B when it is being used as prescribed to perform surgical wound dressing changes.

How to place an order.
